

Token Sale Terms and Conditions

The following Terms and Conditions (“Terms”) govern the sale of cryptographic tokens – Astor – that is required to transact on the website (<astorgame.com>) to purchasers of Astor (“Purchasers” collectively, and “Purchaser” individually). This document is not a solicitation for investment and does not pertain in any way to an offering of securities in any jurisdiction. This document describes the initial sale in which the token (Astor) is sold. Parties may be interested in purchasing Astor in the initial sale to support the development of the AstorGame Platform, and to prepare for their eventual use of the AstorGame Platform when it is launched. Individuals, businesses, and other organizations should carefully weigh the risks, costs, and benefits of acquiring ASTOR early in the initial sale versus waiting to purchase Astor on open, third-party exchanges once the system is operational.

IMPORTANT

Ownership of Astor carries no rights express or implied. Purchases of Astor are non-refundable. Purchasers should have no expectation of influence over governance of the platform. By participating in the sale of Astor, you expressly acknowledge and represent that you have carefully reviewed the Terms and fully understand the risks, costs, and benefits of purchasing Astor and agree to be bound by these Terms. As set forth below, you further represent and warrant that, to the extent permitted by law, you are authorized to purchase Astor in your relevant jurisdiction, are of a legal age to be bound by these Terms.

WARNING: DO NOT PURCHASE ASTOR IF YOU ARE NOT AN EXPERT IN DEALING WITH CRYPTOGRAPHIC TOKENS AND BLOCKCHAIN-BASED SOFTWARE SYSTEMS

Purchases of Alpha should be undertaken only by individuals, entities, or companies that have significant experience with, and understanding of, the usage and intricacies of cryptographic tokens, like bitcoin (“BTC”), and blockchainbased software systems. Purchasers should have functional understanding of storage and transmission mechanisms associated with other cryptographic tokens. While the AstorGame Team will be available to assist Purchasers of Astor during and after the sale, AstorGame will not be responsible for lost BTC, or other cryptocurrency, or Astor resulting from actions taken by, or omitted by Purchasers. Note, in particular, that Astor Purchasers should take great care to write down their wallet password and not lose it so as to be sure that they will be able to access their Astor when it becomes available after the initial sale. If you do not have such experience or expertise, then you should not purchase Astor or participate in the pre-sale of Astor.

WARNING: CRYPTOGRAPHIC TOKENS MAY EXPERIENCE EXTREME PRICE VOLATILITY

Cryptographic tokens that possess value in public markets, such as BTC, have demonstrated extreme fluctuations in price over short periods of time on a regular basis. A Purchaser of Astor should be prepared to expect similar fluctuations, both down and up, in the price of Astor denominated in BTC or United States dollars (“USD”) or currencies of other such jurisdictions. Such fluctuations are due to market forces and represent changes in the balance of supply and demand. AstorGame cannot and does not guarantee market liquidity for Astor and therefore there may be periods of time in which ASTOR is difficult to buy. Additionally, due to different regulatory dictates in different jurisdictions and the inability of citizens of certain countries to open accounts at exchanges located anywhere in the world, the liquidity of Astor may be markedly different in different countries and this would likely be reflected in significant price discrepancies. By purchasing Astor, you expressly acknowledge and represent that you fully understand that Astor may experience volatility in pricing and will not seek to hold any of the AstorGame Parties liable for any losses or any special, incidental, or consequential damages arising from, or in any way connected to, the sale of Astor.

WARNING: THE PURCHASE OF ALPHA HAS A NUMBER OF RISKS

The purchase of Astor carries with it a number of risks. Prior to purchasing Astor, you should carefully consider the risks listed below and, to the extent necessary, consult an appropriate lawyer, accountant, or tax professional. If any of the following risks are unacceptable to you, you should not purchase Astor. By purchasing Astor, and to the extent permitted by law, you are agreeing not to hold any of the AstorGame Parties liable for any losses or any special, incidental, or consequential damages arising from, or in any way connected, to the sale of Astor, including losses associated with the risks set forth below.
